# The Summit

- **We had a “Call for Papers” for this Summit**
- **Way more Abstracts were submitted than the spaces we had**
  - All the talks submitted were very good, we just could not accommodate in the time we had!
- **Shifted 2<sup>nd</sup> day plans to accommodate more talks**
  - Retained basic theme of Hands-On and Maintainer tracks
- **Ideas to extend the talks and removing the evening social event**
  - ... were vetoed!!
